“One picture is worth ten thousand words.”

- - Chinese Proverb

This photograph shows a contrast in Sweet Clover. The fence is the dividing line between an excellent stand of Sweet Clover and a pasture that has never been treated with Liming Material. This says more for results from the application of Marble Cliff Lime or Limestone than could be told in ten thousand words.

If your fields are sour, try one of our Marble Cliff's Four Grades of Liming Material.

Write Us for Delivered Car Load Prices to Licking County or Truck Load Quotations Delivered Direct To Your Farm.
